

Dear Residents and family members,

Francois Bend is proud to play a part in stopping the spread of the COVID-19 virus and getting back to normal life.

We could not be more excited to announce that our COVID-19 vaccinations are underway here at Francois Bend. The first vaccine dose was given at the end of January and the second does will be given in February. We have just received great news that our local pharmacy will be able to provides vaccines as needed for any new residents or new employees.

We will continue all safety protocols as the vaccine is administered and we anticipate doing so until further guidelines are instructed.

The Future is Bright at Francois Bend Senior Living!

Contact the office to learn more about the vaccination and dates.
